### SCHOOL BOARD'S REPORT

To the Citizens of Sandwich:

There have been many additions to equipment and improvements in the schools during the last fiscal year.

One of the most important additions to equipment is the newest type of seats, combining desk and chair, which may be fitted to each child, and moved as a unit to facilitate grouping in special program work: Chick's Corner School has been fully equipped with these seats, and North Sandwich School needs but three more to complete their requirements.

All of the schools have been provided with suspension globes and sand boxes.

After much debate and a thorough investigation into results obtained in other districts, it was decided to adopt the Gordon Method of reading for the lower grades. Books and charts were placed in two schools. There is a marked improvement in reading and word analysis. The Board feels that the results warranted the expenditure.

The chemical toilet is a marked improvement over the old style, and cost approximately fifty dollars in excess of the amount asked for in the warrant.

All school rooms but one have been painted.

The roof of East Sandwich School was completely shingled, and the windows and door boarded up to prevent tourists from breaking into the building.

Much of the repair work has been needed for a number of years, but it has been put off until the preservation of the buildings demanded immediate attention.

GRACE E. AINGER,  
ALICE D. SMITH,
